

THE ONE THAT FITS

Electronically Adjustable Stride

Octane Fitness was introduced to us approximately 2 years ago and the inclusion of their products into our facilities have complimented our services, both in terms of cardio equipment, as well as personal training tools, in a way that no other company has for quite some time. Constant innovation and stellar customer satisfaction has made us true believers in Octane and we look forward to working with them for years to come.

Sincerely, Jeremy Lowell
